

## FURNITURE

---

We take commissions for a range of furniture, from small items to large pieces, all made from reclaimed or locally sourced sustainable timber, including:

boot jacks  
trays  
bird, owl and dormouse boxes  
bedside cabinets  
kitchen and dining tables  
sash windows (new & repairs)  
benches  
beds

Items are made from solid oak, but can be made from other hard or soft woods on request. Our designs are simple, practical and elegant, using traditional methods. Go to our website for examples of our work. We normally have a few boot jacks in stock; all other items are made to order. Please contact us to discuss your requirements.

## ORDERING

---

We take orders for pork and lamb boxes in advance and can ask the butcher to cut to your requirements. Meat can be collected from the farm or delivered. Call or email us to discuss further.

## WE SELL:

---

Meat, livestock & eggs from rare  
& native breeds, oak furniture,  
bird boxes, poultry arks & more...  
Produced in Devon

# SOUTH YEO FARM WEST

Here on our 108 acre farm in the culm grasslands on the fringes of Dartmoor we rear rare and traditional breeds.

## LAMB, HOGGET AND MUTTON

Grass-fed, slow grown, pure Badger Face Welsh Mountain lamb, producing medium sized delicious carcasses.

Whole and half lamb, hogget or mutton boxes are available. See the price list on our website for details. The mutton is from sheep over 2 years old and the hogget is from older lambs between 1 and 2 years - a slightly larger carcass with a deeper, wonderful taste that still maintains tenderness.

A whole lamb box includes: 2 shoulders, 2 legs, a quantity of chops, breast, stewing lamb and heart, kidneys and liver (if you don't want the offal just say). If you want a whole or half carcass in one piece for a spit roast, we can do that too.

---

## BERKSHIRE PORK, BACON, GAMMON AND SAUSAGES

Berkshires produce exceptionally succulent meat with an amazing texture that can't be beaten whether it's as pork, gammon, bacon or sausages. Despite the black hair, they have white skin, so you don't get black crackling or bacon rind.

Our pigs are kept in a group, outdoors, freely supplementing their diet with grass, herbs and roots, and have straw filled arks for shelter. We take orders for  $\frac{1}{4}$ ,  $\frac{1}{2}$  and whole pork boxes and rear to order. Contact us for details.

## DUCKS, GEESE AND HATCHING EGGS

We sell purebred Aylesbury ducklings (live) and fertile hatching eggs, and are also creating a pure Black Indian Runner duck flock in 2009. Duck eggs for eating are available from the farm in season. Domestic goose hatching and eating eggs available in the Spring. Geese (live) are sometimes available.

## FLEECE AND SHEEPSKINS

We sell black and white fleeces from our Torwen (black with white belly) and Torddu (white with black belly) Badger Face sheep for knitters, spinners, felters and craftspeople. We shear in June and can take orders in advance, as they tend to sell out before the end of the summer. See our current price list for details.

From autumn 2008 we will have Badger Face lambskins for sale (cream with a natural black border).

## HAY

Fabulous small bale meadow hay for horses, sheep etc is available, made from our permanent pasture - no artificial fertilisers, ragwort or other unwanted nasties.

## RECIPES

We put new recipes for our produce on the website every month. Check them out at [www.southyeofarmwest.co.uk/recipes.html](http://www.southyeofarmwest.co.uk/recipes.html)
